

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 22, 1995

SUBJECT: **SB 153 - HB 476**

This bill, if enacted, will provide that Chattanooga State Technical Community College may allow controlled admissions of nonresidents and waive out-of-state tuition under the following conditions:

1. The only funds generated by these enrollments will be student maintenance fees;
2. Such enrollments will be excluded from student count for state reimbursement purposes and will occur only in established course sections with vacant seats;
3. Special registration will be held for such students following completion of open registration to ensure that no Tennessee resident loses priority opportunity to enroll;
4. No additional faculty, staff, equipment and space will be necessitated or requested based on such enrollments;
5. Nonresidents of the state targeted for such enrollment will be only those who are college prepared with a history of scholastic achievement; and
6. In no case will the enrollment of nonresidents of the state under this bill be allowed to cause displacement of Tennessee residents from college courses and/or programs.

The fiscal impact from enactment of this bill is estimated to be a decrease in school revenues of approximately \$217,000. This estimate is based on current enrollments of full-time and part-time students within a 30 mile radius of Chattanooga State Technical Community College as shown below:

No. of Students	Tuition Waived	2 Semester Total
42 full-time	\$1,393	\$117,012
<u>68 part-time</u>	<u>\$732</u>	<u>99,552</u>
110		<u>\$216,564</u>

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
